

FREE Full Day Seminar

The A to Z of Condition Based Maintenance (CBM)

Date: 16 April 2019, Tuesday

Time: 8.30am to 5pm

Venue: Four Points by Sheraton, Riverview
(382 Havelock Rd. Singapore 169621)

About the seminar

With ever increasing demands for higher productivity and reducing wastage, investment in Condition-Based Maintenance (CBM), also known as Predictive Maintenance (PdM), is proven to improve the efficiency of a lean team, reduces downtime and achieves cost-savings for the organization.

This seminar dives into the sustainable framework, techniques and benefits of CBM that is applicable to engineers and maintenance professionals that handle production plants, facilities and R&D. In addition, there will be sharing of successful real-world applications that have benefited maintenance programs in various industries. By the end of this seminar you will be able to apply what you've learned to improve the productivity and efficiency of your maintenance process.

See page two for seminar timetable »

Who should attend

Electrical Engineers | Mechanical Engineers | Drive and Control Engineers | Application Engineers | Manufacturing Plants' Maintenance and Service Teams | Utilities Maintenance Teams | R&D Managers | Engineering Managers | Engineering Directors | Production Operation Managers | Professionals who want to learn more about CBM

Speaker

Mr. Elang Kumaran
Product Marketing Engineer, Fluke South East Asia

Elang Kumaran has a Master degree in Electrical System Engineering. With more than four years of experience in the electronic manufacturing industry, his area of expertise includes streamlining workflow and creating an effective teamwork environment to enhance machine productivity as well as conducting training program to enhance machine design.

Elang Kumaran is an excellent communicator with recognized abilities in conducting training and is known to deliver the best solution in machine design technology.

Registration notice

- The seminar is FREE and open to relevant job titles only.
- Due to limited seats, each company can send up to maximum two attendees.
- Every attendee will be contacted via registered email/phone to notify on successful/unsuccessful registration a week before the seminar.
- Registration will close two weeks prior to seminar.

Timetable

08:30am	Registration & Morning Refreshment
09:00am	CBM For Electrical Solution
10:00am	Tea Break
10:15am	CBM For Drive System
11:15am	CBM For Mechanical Solution
12:15pm	Lunch
01:15pm	Hands-on session with the Fluke technical team
04:30pm	Q&A
05:00pm	End

Justify your registration
